

NOTICE OF RATE ADJUSTMENT

This notice is to inform you of a rate adjustment that will take place on July 1, 2022. On January 19, 2022, North Coast County Water District (NCCWD) Board of Directors approved a series of rate adjustments over a period covering February 1, 2022 through July 1, 2025. NCCWD Resolution No. 1133, adopted on January 19, 2022, establishes future water rate adjustments and also provides for a pass-through of the wholesale water rate increases and reductions that are different from the wholesale water rates projected at the time the Resolution was adopted. For the water rate increase that will go into effect on July 1, 2022, the water usage charges originally adopted by NCCWD will be increased by forty-three cents (\$0.43) per unit because the wholesale water rate is more than projected. The tables below show the following bi-monthly supply and distribution charges, fire protection service charges and water usage charges: (1) the charges that are currently in place; (2) the charges that were adopted by NCCWD by Resolution No. 1133, shaded blue; and (3) the charges that will go into effect on July 1, 2022, shaded yellow. Call (650) 355-3462 for questions about this rate adjustment.
